WILLIAM CAMPBELL HIGH SCHOOL

William Campbell High School was named for William Campbell, a distinguished general of the Revolutionary War.

The school is located on Old Highway 501 in Naruna, Virginia. It offers a five year program.

OUR WORLD OF EDUCATION

Students from Brookneal, Gladys, and Naruna make up an enrollment of 500. There are twenty-eight faculty members. Mr. Dennis B. Riddle has served the school as principal since 1966.

A NOTE FROM THE EDITORS

During the years William Campbell has furnished its students with the opportunity to develop leadership, character, and sportsmanship. Under her able guidance we have gained firmness of purpose and appreciation of scholarship. It is only through diligent service and constant effort on our part that William Campbell High School can continue to fulfill the goals of its founders.

Unfolded in the 1968 GENERAL is the story of students preparing for a world in which education is of increasing importance. The direction of every individual depends greatly upon his high school experiences, and it is the purpose of our yearbook to record these experiences and events which we shall always associate with William Campbell.

SCENES OF EDUCATION

The world seemingly grows smaller but the need for education rapidly grows greater. William Campbell High School is filling this pressing need for education by providing academic and vocational training for its students.

OUR WORLD OF EDUCATION

To be qualified to meet the demands of tomorrow's world, William Campbell's students were introduced to new academic fields. New textbooks with exciting and challenging ideas were made a part of each pupil's life. Different and ever changing scientific theories, mathematical concepts, and improved vocational study were installed as an integral portion of William Campbell curriculum. The challenges brought forth by these changes have been skillfully fulfilled by the twenty-eight faculty members who have improved their methods to produce more successful teaching.

Our world of education at William Campbell was greatly affected as the administration, while fulfilling necessary tasks, made long lasting friendships with pupils through classroom work and sponsoring extracurricular activities. Through their constancy in a year of change, William Campbell's administration and faculty prepared pupils to assume the repsonsibilities of tomorrow's world.

The Class of 1969 seemed to be in the middle of everything this year. They were very active in football, basketball, and all clubs. They also made up a large part of the band and chorus, showing excellence in part.

Although not greatly experienced in the arts of leadership, they seemed to want to participate in all walks of school life. Their talent and inspiration helped greatly in all projects they attempted.

Ahead of these Juniors lies a year of hard work and study, filled with disappointment and elation as they become Seniors.

OUR WORLD OF EDUCATION

Books and classrooms are not all that compose education. William Campbell's world of education was greatly influenced by the many organizations in the school. Each student had the chance to become a vital part of school activities by joining an organization centered around his interests.

With exciting programs and interesting projects, students are encouraged to serve their school and community. Various organizations, sponsored by teachers and directed by students, aid the school in helping students develop qualities of responsibility and leadership.

All clubs continued their fine traditions and brought honor to William Campbell as they showed their excellence in 1967-68.

which is one of the S.C.A.'s objectives.

The 1967-68 objectives of the S. C. A. are to promote better community relationships, to have a variety of assembly programs, to promote better faculty-student relations, to promote better school spirit, to raise money for the S. C. A. Treasury, to have devotions, to beautify the school and school grounds, to promote better scholastic achievement by adequate recognition of scholarships, to promote better cafeteria conditions, to promote better relationships with outside organizations connected with the school, and to promote better citizenship and patriotism among the S. OUR WORLD OF EDUCATION

William Campbell students received a wider and more comprehensive education through their active participation in extra-curricular activities such as Homecoming, the Senior Play, Snowball, Prom, and Harvest Festival.

The Band and Choral Club entertained the school and community with an outstanding Christmas Concert. "Ask Any Girl" was also produced by the music department under the direction of Mr. Edwin Temples.

Homecoming festivities were eagerly awaited by all. For WCHS alumni, it was a time when they were treated to a fine football game followed by traditional homecoming activities. Students backed the mighty Generals with overwhelming moral support.

The Junior-Senior Prom was probably the most long awaited dance of the year. The romantic atmosphere created by picturesque settings and soft dance music made the Prom a most memorable occasion.

The combination of energy, cooperation, efficiency, and leadership at WCHS produced a year of highly successful and memorable occasions.

OUR WORLD OF EDUCATION

The Generals' football team posted a victorious season ending with a final record of nine wins and one lost. Our basketball teams were equally successful. As the annual went to press, our basketball team anticipated victory in Group II, District IV competition which would enable them to compete with top state teams for the state championship. Our track and baseball teams provided the community with many hours of enjoyment and excitement.

The youthful vigor of WCHS's teams promised that the broken records, championships, game victories, and superior individual achievements would be seen at William Campbell High School for a few more years.

OUR WORLD OF EDUCATION

If it were not for the concerned patrons who advertise in our yearbook, the 1968 GENERAL would not be possible. These businessmen realize that community activity and growth centers around the school. Area commerce profits as parents patronize those businesses which support the school.

On September 7, 1968 annual staff members visited all business concerns which receive business from students or their parents. The day was quite successful thanks to patrons who generously placed advertisements in our yearbook.
